FREE CABIN FILTER INSPECTION

If your car is more than a year old your cabin filter should be checked and replaced IF needed.

The inside of your car is **six times more polluted than the outside air**. Couple that with the fact that people usually spend around 21 hours per week in their cars, and a lot of pollution is being breathed in.

We'll inspect your cabin air filter at no charge
(on most models it takes about 10 minutes to check)
and if your filter needs replaced **we'll give you a 10% discount**
